Dear Sirs,

**CERC order on tariff revision related to supply of 300 MW under Power Purchase Agreement with Haryana Discoms from 1050 MW coal based power plant at Kamalanga, Dist. – Dhenkanal, Odisha**

GMR Kamalanga Energy Limited (GKEL), a subsidiary of GMR Infrastructure Company Limited, is a Special Purpose Vehicle for development, operation and maintenance of 1050 MW Kamalanga Power Station at Dist.Dhenkanal, Odisha.

GKEL is supplying power under a long term power purchase agreement for 300 MW to Haryana cxdsDISCOMS through PTC India Limited (Haryana PPA) since 1<sup>st</sup>Feb'2014

The captioned Order dated 3<sup>rd</sup> Feb 2016 by Central Electricity Regulatory Authority, Delhi, grants GKEL the following increase in tariff and compensation

1. compensation for using imported/ open market coal at actual cost to the extent of shortfall in linkage coal for supplies under the PPA
2. compensation due to Change in Law .

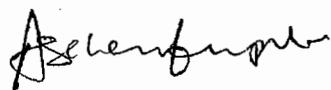

The above compensation is effective from 1<sup>st</sup> February 2014 onwards.

The compensation for use of imported / open market coal would depend upon the quantum of coal used during a period and the price for the same. Further, the impact of Change in Law permitted by CERC works out to around Rs. 0.20 / unit for future supply of power whereas past dues works out to an average Rs 0.14/Unit of power supplied.

Please take the above intimation on record.

Thanking you,

**Yours faithfully,**  
**For GMR Infrastructure Limited**
