

Independent Auditors' Report on the Standalone Financial Statements of GMR Infrastructure Limited

To the Members of GMR Infrastructure Limited

Report on the financial statements

We have audited the accompanying financial statements of GMR Infrastructure Limited ('the Company'), which comprise the balance sheet as at March 31, 2014, the statement of profit and loss and the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards notified under the Companies Act, 1956 ('the Act'), read with General Circular 8/2014 dated April 4, 2014 issued by the Ministry of Corporate Affairs. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

(a) As detailed in Note 43 to the accompanying financial statements for the year ended March 31, 2014, the Company through its subsidiary GMR Infrastructure (Mauritius) Limited ('GIML') has made an investment of ₹ 190.97Crore (USD 3.16Crore) (including in equity share capital of ₹ 139.73Crore and share application money pending allotment of ₹ 51.24Crore) towards 77% equity shareholding in GMR Male International Airport Private Limited ('GMIAL') and has given a corporate guarantee of ₹ 2,540.58Crore (USD 42.00 Crore) to the lenders in connection with the borrowings made by GMIAL. The

Concession Agreement entered into between GMIAL, Maldives Airport Company Limited ('MACL') and Ministry of Finance and Treasury ('MoFT'), Republic of Maldives for the Rehabilitation, Expansion, Modernization, Operation and Maintenance of Male International Airport ('MIA') for a period of 25 years has been declared void ab initio by MACL and MoFT and MACL has taken possession of MIA with effect from December 8, 2012. GMIAL has initiated the arbitration process to seek remedies under the said agreement and pending resolution of the dispute, such investment has been carried at cost in the financial statements as at March 31, 2014 as the management is of the opinion that GMIAL will be able to recover at least the carrying value of the assets of ₹ 1,431.50Crore (USD 23.66Crore) including the claim recoverable of ₹ 1,062.90Crore (USD 17.57Crore) as at March 31, 2014. Further, GMIAL has executed work construction contracts with GADL International Limited ('GADLIL'), a subsidiary of the Company and other service providers for Rehabilitation, Expansion, and Modernization of MIA. Pursuant to the aforesaid takeover of the airport by MACL, GMIAL has terminated the contracts with GADLIL and these service providers and have received claims from GADLIL and other service providers towards termination payments. However, such claims relating to the termination of contracts have not been recognised as at March 31, 2014. The takeover of MIA by MACL, initiation of arbitration proceedings and its consequent impact on the operations indicate the existence of a material uncertainty that may cast a significant doubt about the going concern of GMIAL and GADLIL.

Having regard to the uncertainty in view of the dispute and the final outcome of the matter, we are unable to comment on its impact on the carrying value of the investment pertaining to the aforesaid entities and any other consequential impact that may arise in this regard on the financial statements for the year ended March 31, 2014. In respect of the above matter our audit report for the year ended March 31, 2013 was similarly modified.

(b) As detailed in Note 26(3) to the accompanying financial statements for the year ended March 31, 2014, the management of the Company has recognized the profit on sale of its investments in Istanbul Sabiha Gokcen Uluslararası Havalimani Yatırım Yapım Ve İşletme Anonim Şirketi ('ISG') of ₹458.78 Crore (net of cost incurred towards sale of shares) in the financial statements for the year ended March 31, 2014. In our opinion, since the sale consideration was received, the transfer of shares and certain regulatory approvals were obtained subsequent to March 31, 2014, recognition of the profit on sale of such investments in the financial statements of the Company for the year ended March 31, 2014 is not in accordance with the relevant Accounting Standards. Accordingly, profit after tax for the year ended March 31, 2014 would have been lower by ₹452.80Crore with a consequential effect on the reserves of the Company as at the year end.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effect of the matter described in paragraph (a) and the effect of the matter described in

paragraph (b) in the Basis for Qualified Opinion paragraph, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the balance sheet, of the state of affairs of the Company as at March 31, 2014;
- (b) in the case of the statement of profit and loss, of the profit for the year ended on that date; and
- (c) in the case of the cash flow statement, of the cash flows for the year ended on that date.

Emphasis of Matter

- (a) We draw attention to Note 30 to the accompanying financial statements for the year ended March 31, 2014 in connection with an investment of ₹ 357.35Crore (including loans of ₹ 117.76 Crore and investment in equity / preference shares of ₹ 239.59 Crore made by the Company and its subsidiaries) as at March 31, 2014 in GMR Ambala Chandigarh Expressways Private Limited (GACEPL), a subsidiary of the Company. Though GACEPL has been incurring losses since the commencement of commercial operations and the matter is currently under arbitration, based on management's internal assessment and legal opinion obtained by the management of GACEPL, such investment has been carried at cost. Accordingly, no provision for diminution in the value of investments has been made in the accompanying financial statements. Our opinion is not qualified in respect of this matter.
- (b) We draw attention to Note 44 to the accompanying financial statements for the year ended March 31, 2014 regarding (i) cessation of operations and the losses incurred by GMR Energy Limited (GEL), GMR Vemagiri Power Generation Limited ('GVPGL'), subsidiaries of the Company and the consequent erosion of net worth resulting from the unavailability of adequate supply of natural gas and (ii) rescheduling of the commercial operation date and the repayment of certain project loans by another subsidiary of the Company, GMR Rajahmundry Energy Limited ('GREL'), pending linkage of natural gas supply. Continued uncertainty exists as to the availability of adequate supply of natural gas which is necessary to conduct operations at varying levels of capacity in the future and the appropriateness of the going concern assumption is dependent on the ability of the aforesaid entities to establish consistent profitable operations as well as raising adequate finance to meet short term and long term obligations. The accompanying financial statements of the Company do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ('the Order') issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

2. As required by section 227(3) of the Act, we report that:

- (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- (c) The balance sheet, statement of profit and loss, and cash flow statement dealt with by this Report are in agreement with the books of account;
- (d) *except for the matters described in the Basis for Qualified Opinion paragraph*, in our opinion, the balance sheet, statement of profit and loss, and cash flow statement comply with the Accounting Standards notified under the Act read with General Circular 8/2014 dated April 4, 2014 issued by the Ministry of Corporate Affairs;
- (e) On the basis of written representations received from the directors as on March 31, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

Annexure referred to in clause 1 of paragraph on the report on other legal and regulatory requirements of our report of even date

Re: GMR Infrastructure Limited

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) There was no disposal of a substantial part of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory. Discrepancies noted on physical verification of inventories were not material, and have been properly dealt with in the books of account.
- (iii) (a) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 301 of the Act. Accordingly, the provisions of clause 4(iii)(a) to (d) of the Order are not applicable to the Company and hence not commented upon.
- (e) According to the information and explanations given to us, the Company has not taken any loans, secured or unsecured, from companies, firms or other parties covered in the register maintained under section 301 of the Act. Accordingly, the provisions of clause 4 (iii)(e) to (g) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us and having regard to the explanation that purchase of certain items of fixed assets and inventory are of proprietary nature for which alternative sources are not available to obtain comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of *services except that the internal control system with regard to the periodic review and update of cost estimates of the Engineering Procurement and Construction ('EPC') projects executed needs to be further strengthened.* The activities of the Company do not involve sale of goods. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Company in respect of these areas.
- (v) (a) According to the information and explanations provided by the management, we are of the opinion that the particulars of contracts or arrangements referred to in section 301 of the Act that need to

be entered into the register maintained under section 301 have been so entered.

- (b) In respect of transactions made in pursuance of such contracts or arrangements and exceeding the value of Rupees five lakhs entered into during the financial year, because of the unique and specialized nature of the items involved and absence of any comparable prices, we are unable to comment whether the transactions were made at prevailing market prices at the relevant time.
- (vi) The Company has not accepted any deposits from the public.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size of the Company and nature of its business.
- (viii) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 209(1)(d) of the Act, related to the construction activities and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of records with a view to determine whether they are accurate or complete .
- (ix) (a) Undisputed statutory dues including sales-tax, provident fund, wealth-tax, service tax, customs duty, cess, employees' state insurance, income-tax, investor education and protection fund, excise duty and other material statutory dues as applicable to the Company, have generally been regularly deposited with the appropriate authorities *though there have been slight delays in few cases in remittance of tax deducted at source under the Income tax Act, 1961.*
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty and cess on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in Crore)	Period for which amounts relates to	Forum where dispute is pending
Finance Act, 1994	Service tax	26.72	October 2007 to March 2012	Commissioner of Service Tax

- (x) *Without considering the consequential effects of the matters stated in paragraph a) and b) of the Basis for Qualified Opinion paragraph of our auditor's report,* the Company has no accumulated losses at the end of the financial year and it has not incurred any cash losses in the current and immediately preceding financial year.
- (xi) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institution, bank or debenture holders.

- (xii) According to the information and explanations given to us and based on the documents and records produced before us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) In our opinion, the Company is not a chit fund or a nidhi / mutual benefit fund / society. Therefore, the provisions of clause 4(xiii) of the Order are not applicable to the Company.
- (xiv) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Order are not applicable to the Company.
- (xv) *The Company has given guarantees in respect of a loan taken by a group Company from a bank in respect of which it has not charged any commission nor was any adequate explanation provided to us of the benefit to the Company for giving such a guarantee.* In respect of other guarantees given by the Company for loans taken by others from banks or financial institutions, the terms and conditions, in our opinion, are not prima-facie prejudicial to the interest of the Company
- (xvi) Based on the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (xvii) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term investment.
- (xviii) The Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under section 301 of the Act.
- (xix) During the period covered by our audit report, the Company has 10,000 secured debentures of ₹ 0.10 Crore each in respect of which security has been created. The outstanding amount as at March 31, 2014 in respect of these secured debentures is ₹ 977.50 Crore. Further, the Company has unsecured debentures of ₹ 175.00 Crore outstanding as at March 31, 2014 on which no security or charge is required to be created.
- (xx) The Company has not raised any money through a public issue during the year.
- (xxi) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud on or by the Company has been noticed or reported during the year.

a Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

b Tangible fixed assets

Tangible fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of tangible fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing tangible fixed assets, including day to day repairs and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

The Company adjusts exchange differences arising on translation/ settlement of long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset to the cost of the tangible asset and depreciates the same over the remaining life of the asset. In accordance with the Ministry of Corporate Affairs ('MCA') circular dated August 09, 2012, exchange differences adjusted to the cost of tangible fixed assets are total differences, arising on long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset, for the period. In other words, the Company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange differences.

Gains or losses arising from derecognition of tangible fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the tangible fixed assets and are recognised in the statement of profit and loss when the tangible fixed asset is derecognised.

c Depreciation on tangible fixed assets

Depreciation on tangible fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule XIV to the Act, whichever is higher. The Company has used the following rates to provide depreciation on its tangible fixed assets.

Assets	Rates (SLM)
Plant and equipments	4.75%
Office equipments	4.75%
Furniture and fixtures	6.33%
Vehicles	9.50%
Computers	16.21%

Notes to the Financial Statements for the year ended March 31, 2014

NOTE | 2.1. | SIGNIFICANT ACCOUNTING POLICIES (Contd.)

Asset individually costing Indian Rupees (₹) 5,000 or less, are fully depreciated in the year of acquisition.

d Intangible assets

Intangible assets (Computer software) acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Computer software is amortised based on the useful life of 6 years on a straight line basis as estimated by the management.

Gains or losses arising from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the intangible assets and are recognised in the statement of profit and loss when the intangible asset is derecognised.

e Impairment of tangible/ intangible assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for previously revalued tangible fixed assets, where the revaluation was taken to revaluation reserve. In this case, the impairment is also recognised in the revaluation reserve up to the amount of any previous revaluation.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

f Leases

Where the Company is lessee

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to the ownership of the leased item, are capitalised at the inception of the lease term at the lower of the fair value of the leased property and present value of the minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

A leased asset is depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule XIV to the Act, whichever is lower. However, if there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, the capitalised asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term or the useful life envisaged in Schedule XIV to the Act.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

g Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings.

Notes to the Financial Statements for the year ended March 31, 2014

NOTE | 2.1. | SIGNIFICANT ACCOUNTING POLICIES (Contd.)

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

h Investments

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

i Inventories

Raw materials, components, stores and spares are valued at lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on a weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Costs incurred that relate to future activities on the contract are recognised as "Contract work in progress".

Contract work in progress comprising construction costs and other directly attributable overheads is valued at lower of cost and net realisable value.

j Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from construction activity

Construction revenue and costs are recognised by reference to the stage of completion of the construction activity at the balance sheet date, as measured by the proportion that contract costs incurred for work performed to date bear to the estimated total contract costs. Where the outcome of the construction cannot be estimated reliably, revenue is recognised to the extent of the construction costs incurred if it is probable that they will be recoverable. In the case of contracts with defined milestones and assigned price for each milestone, it recognises revenue on transfer of significant risks and rewards which coincides with achievement of milestone and its acceptance by its customer. Provision is made for all losses incurred to the balance sheet date. Any further losses that are foreseen in bringing contracts to completion are also recognised. Variations in contract work, claims and incentive payments are recognised to the extent that it is probable that they will result in revenue and they are capable of being reliably measured. Contract revenue earned in excess of billing has been reflected as unbilled revenue and billing in excess of contract revenue has been reflected as unearned revenue.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established by the reporting date.

Income from management/ technical services

Income from management/ technical services is recognised as per the terms of the agreement on the basis of services rendered.

Interest

Interest on investments and bank deposits are recognised on a time proportion basis taking into account the amounts invested and the rate applicable.

k Foreign currency translation

Foreign currency transactions and balances

Notes to the Financial Statements for the year ended March 31, 2014

NOTE | 2.1. | SIGNIFICANT ACCOUNTING POLICIES (Contd.)

(i) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(iii) Exchange differences

The Company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as below:

1. Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalised and depreciated over the remaining useful life of the asset.
2. Exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign Currency Monetary Item Translation Difference Account" and amortised over the remaining life of the concerned monetary item.
3. All other exchange differences are recognised as income or as expenses in the period in which they arise.

For the purpose of (iii)(1) and (iii)(2) above, the Company treats a foreign monetary item as "long-term foreign currency monetary item", if it has a term of twelve months or more at the date of its origination. In accordance with MCA circular dated August 09, 2012, exchange differences for this purpose, are total differences arising on long-term foreign currency monetary items for the period. In other words, the Company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange differences.

I Retirement and other employee benefits

(i) Defined contribution plans

Retirement benefit in the form of provident fund, superannuation fund and pension fund are defined contribution schemes. The Company has no obligation, other than the contributions payable to the provident fund, pension fund and superannuation fund. The Company recognizes contribution payable to the provident fund, pension fund and superannuation fund schemes as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

(ii) Defined benefit plan

Gratuity liability is a defined benefit obligation and is provided on the basis of actuarial valuation, based on projected unit credit method at the balance sheet date, carried out by an independent actuary. Actuarial gains and losses comprise experience adjustments and the effect of changes in the actuarial assumptions and are recognised in full in the period in which they occur in the statement of profit and loss as an income or expense.

(iii) Other long term employee benefits

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. Actuarial gains/ losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

(iv) Short term employee benefits

Accumulated leave, which is expected to be utilised within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

m Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting

Notes to the Financial Statements for the year ended March 31, 2014

NOTE | 2.1. | SIGNIFICANT ACCOUNTING POLICIES (Contd.)

preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all potential dilutive equity shares.

n Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 (the 'IT Act') enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes liabilities relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for credit available in respect of MAT under the IT Act, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT credit entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

o Segment reporting

Identification of segments

The Company's operating businesses are organised and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial

Notes to the Financial Statements for the year ended March 31, 2014

NOTE | 2.1. | SIGNIFICANT ACCOUNTING POLICIES (Contd.)

statement of the Company as a whole.

p Shares/ debentures issue expenses and premium redemption

Equity shares issue expenses incurred are expensed in the year of issue and debenture/ preference share issue expenses and redemption premium payable on preference shares/ debentures are expensed over the term of preference shares/ debentures. These are adjusted to the securities premium account as permitted by Section 78(2) of the Act to the extent of balance available in such securities premium account. These expenses are adjusted to the securities premium account net of taxes.

q Provisions

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

r Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

s Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and cash/ cheques/ drafts on hand and short-term investments with an original maturity of three months or less.

b) Terms / rights attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 1 per share. Every member holding equity shares there in shall have voting rights in proportion to the member's share of the paid up equity share capital. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company, the holders of equity shares would be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the equity shareholders.

c) Terms / rights attached to CCPS:

"Pursuant to the equity shareholders' approval obtained on March 20, 2014, the Company issued 11,366,704 CCPS of face value of ₹ 1,000 each comprising of (a) 5,683,351 Series A CCPS each fully paid up, carrying a coupon rate of 0.001% per annum ('p.a.') and having a term of 17 months from the date of allotment and (b) 5,683,353 Series B CCPS each fully paid up, carrying a coupon rate of 0.001% p.a. and having a term of 18 months from the date of allotment, to IDFC Limited, Dunearn Investments (Mauritius) Pte Limited, GKFF Ventures, Premier Edu-Infra Solutions Private Limited and Skyron Eco-Ventures Private Limited. The Series A CCPS and Series B CCPS shall be converted into equity shares upon the expiry of their respective terms in accordance with the provisions of Chapter VII of the SEBI (Issue of Capital Disclosure Requirements) Regulations, 2009 ('ICDR Regulations'). The number of equity shares allotted to the Investors upon conversion of the Investor Securities shall be on the basis of the minimum permissible price, computed in accordance with Regulation 76 read with Regulation 71(b) of the SEBI ICDR Regulations on the conversion date.

The preference shareholders have a right to attend General Meetings of the Company and vote on resolutions directly affecting their interest. In the event of winding up, the Company would repay the preference share capital in priority to the equity shares of the Company but it does not confer any further right to participate either in profits or assets of the Company."

4 During the year ended March 31, 2011, GEL had issued 13,950,000 compulsorily convertible cumulative preference shares ('CCPS') of ₹ 1,000 each to Claymore Investments (Mauritius) Pte. Limited and IDFC group investors (collectively called as PE Investors). These preference shares were convertible upon the occurrence of Qualifying Initial Public Offering ('QIPO') of equity shares of GEL. During the year ended March 31, 2014, GEL entered into negotiations with the PE investors pursuant to which the Company agreed to convert the loans given to GEL and investment in the preference shares of GEL into equity shares of ₹10 each at a premium of ₹17.50 per share. Accordingly, the Company converted loans given to GEL aggregating to ₹ 1,476.46 Crore and 1% cumulative and non-cumulative redeemable preference shares aggregating to ₹ 495.60 Crore (excluding redemption premium of ₹131.25 crore) into 717,113,641 equity shares of GEL after obtaining the approval of the Board of Directors of the Company and class holders and shareholders of GEL.

The premium of ₹ 131.25 Crore paid on investment in 1% non-cumulative redeemable preference shares was waived off by the Company and the loss of ₹131.25 Crore arising on account of the waiver of premium has been disclosed as an exceptional item in the financial statements. The conversion as stated aforesaid and the premium waiver was done to maintain optimum fair value per share at the time of conversion of CCPS held by the PE investors. This arrangement enabled GEL and the Company to conclude the Amended and Restated Share Subscription and Shareholders Agreements with PE investors at favourable terms.

Further, with a view to restructure its shareholding in energy business, the Company has made following issues/ transfer of shares during the year ended March 31, 2014.

- Out of the total allotment of 717,113,641 equity shares of GEL as stated aforesaid, the Company transferred 180,219,096 equity shares to GREEL, a 100% subsidiary of the Company, at cost. The proceeds of the transfer of shares to GREEL have been utilised for investment in 495,602,500 0.01% compulsorily convertible preference shares of ₹ 10 each of GREEL at par value.
- The proceeds of the issue of 11,366,704 CCPS of face value of ₹ 1,000 each to Series A CCPS and Series B CCPS holders as stated in Note 3 have been utilised by the Company primarily for investment in 11,039,649 0.01% compulsorily convertible preference shares of ₹ 1,000 each of GREEL at par value.
- The Company has also purchased DSPL's investment in 1,013,440,000 8% compulsorily convertible preference shares of ₹ 10 each in GREEL. The purchase consideration has been settled against the loan outstanding from DSPL along with interest accrued thereon of ₹ 610.55 Crore and balance has been paid before the year end.

NOTE | 30

The Company has an investment of ₹ 357.35 Crore (March 31, 2013: ₹ 341.56 Crore) [including loans of ₹ 117.76 Crore (March 31, 2013: ₹ 104.97 Crore), share application money pending allotment of ₹ Nil (March 31, 2013: ₹ 20.00 Crore) and investment in equity/ preference shares of ₹ 239.59 Crore (March 31, 2013: ₹ 216.59 Crore) made by the Company and its subsidiaries] in GACEPL as at March 31, 2014. GACEPL has been incurring losses since the commencement of commercial operations. The management believes that these losses are primarily attributable to loss of revenue arising as a result of diversion of partial traffic on parallel roads. The matter is currently under arbitration and the arbitration tribunal has passed an interim order staying the payment of negative grant which was due during the year ended March 31, 2014. Based on internal assessment and a legal opinion obtained by the management, the management of GACEPL is confident that it will be able to claim compensation from relevant authorities for the loss it has suffered due to such diversion of traffic and accordingly, the investment in GACEPL has been carried at cost and no provision for diminution in the value of investments has been made in the financial statements of the Company as at March 31, 2014.

"During the year ended March 31, 2011, GEL had issued 13,950,000 CCCPS of ₹ 1,000 each. These preference shares were held by Claymore Investments (Mauritius) Pte Limited, IDFC Private Equity Fund III, Infrastructure Development Finance Company Limited, IDFC Investment Advisors Limited, Ascent Capital Advisors India Private Limited, and Argonaut Ventures (collectively called as Investors). These preference shares were convertible upon the occurrence of QIPO of equity shares of GEL. In case of non-occurrence of QIPO within 3 years of the closing date, as defined in the terms of share subscription and shareholders agreement between the parties, investors had the right to require the Company to purchase the preference shares or if converted, the equity shares in GEL at an agreed upon internal rate of return ('IRR'). In case the Company failed to purchase the preference shares within 180 days from the date of notice by the Investors, the CCCPS holder had the sole discretion to exercise the various rights under clause 11.18 of the share subscription and shareholders agreement including the conversion of CCCPS into equity shares of GEL / buyback of the converted shares by GEL.

During the year ended March 31, 2014, GEL has entered into an amended and restated share subscription and shareholders agreement ('Amended SSA') with the investors, the Company and other GMR group companies, in accordance to which the Investors continue to hold 6,900,000 CCCPS in GEL and a new investor GKFF Capital has subscribed to additional 325,000 CCCPS of ₹ 1,000 each (collectively referred to as 'Portion B securities'). Further on March 27, 2014, GEL converted 1,344,347 portion B securities of Investors into 110,554,848 equity shares of ₹ 10 each at a premium of ₹ 2.16 per share as per the terms of clause 4.2 of the Amended SSA so as to enable the Portion B securities investors to participate in proposed QIPO by way of an offer for sale whenever such QIPO is made.

Notes to the Financial Statements for the year ended March 31, 2014

NOTE 35 | CONTINGENT LIABILITIES (Contd.)

As per the Amended SSA and Share Purchase Agreement ('SPA') between the investors, GEL and other GMR Group Companies, 7,050,000 CCCPS with a face value of ₹ 705.00 Crore ('Portion A Securities') have been bought by GREEL and GEPML for a consideration of ₹ 1,169.17 Crore. Portion A securities shall be converted into equity shares of GEL as per the terms prescribed in clause 5 of the SPA not later than the date of conversion of Portion B securities. As defined in the terms of Amended SSA, GEL has to provide an exit to the Portion B Securities investors within 30 months from last return date (November 29, 2013) at the agreed price of ₹ 1,278.67 Crore ("Investor exit amount"). In case of non-occurrence of QIPO within 24 months from the last return date, GMR Group may give an exit to Portion B securities investors at investor exit amount by notifying them the intention to purchase the preference shares within 30 days from the expiry of the 24th month. In case of non-occurrence of QIPO or no notification from GMR group companies as stated aforesaid, the Portion B securities investors have the sole discretion to exercise the various rights under clause 10 of the Amended SSA."

- c) During the year ended March 31, 2011 GAL has issued 2,298,940 non-cumulative compulsory convertible non-participatory preference shares (CCPSI) bearing 0.0001% dividend on the face value of ₹ 1,000 each fully paid up amounting to ₹ 229.89 Crore at a premium of ₹ 2,885.27 each totaling to ₹ 663.31 Crore to Macquaire SBI Infrastructure Investments 1 Limited, ("Investor I") for funding and consolidation of airport related investments by the Group. Further, during the year ended March 31, 2013 GAL issued 1,432,528 non-cumulative compulsory convertible non-participatory preference shares (CCPS 2) bearing 0.0001% dividend on the face value of ₹ 1,000 each fully paid up amounting to ₹ 143.25 Crore at a premium of ₹ 3,080.90 each totaling to ₹ 441.35 Crore to Standard Chartered Private Equity (Mauritius) III Limited, JM Financial - Old Lane India Corporate Opportunities Fund I Limited, JM Financial Trustee Company Private Limited, JM Financial Products Limited and Build India Capital Advisors LLP ("Investors II"). NOTE | 43

The Company through its subsidiary GIML has made an investment of ₹ 190.97 Crore (USD 3.16 Crore) (including equity share capital of ₹ 139.73 Crore and share application money, pending allotment of ₹ 51.24 Crore) towards 77% holding in GMIAL and GIML has pledged deposits of ₹871.06 Crore (USD 14.40 Crore) towards loan taken by GMIAL from its lenders. Further the Company has given a corporate guarantee of ₹ 2,540.58 Crore (USD 42.00 Crore) to the lenders in connection with the borrowings made by GMIAL.

GMIAL entered into an agreement on June 28, 2010 with Maldives Airports Company Limited ('MACL') and Ministry of Finance and Treasury ('MoFT'), Republic of Maldives for the Rehabilitation, Expansion, Modernization, Operation and Maintenance of Male International Airport ('MIA') for a period of 25 years ("the Concession Agreement"). On November 27, 2012, MACL and MoFT issued notices to GMIAL stating that the concession agreement was void ab initio and that neither MoFT nor MACL had authority under the laws of Maldives to enter into the agreement. It was also stated that MACL would take over the possession and control of MIA within 7 days of the said letter. Though GMIAL denied that the contract was void ab initio, MACL took over the possession and control of the MIA and GMIAL vacated the airport effective December 8, 2012. This has resulted in the GMIAL principal activity becoming impossible from the date of takeover. The matter is currently under arbitration and the procedural meeting was held on April 10, 2013. On March 15, 2014, Government of Maldives ('GoM') and MACL have served a case summary which sets out a new case that the claimants wish to advance at trial and amended pleadings have been received on March 24, 2014. Subsequent to March 31, 2014, the hearings of liability issues have taken place from April 10, 2014 to April 16, 2014 and the tribunal has not specified any timescales to produce any award. GMIAL is in the process of seeking remedies under the aforesaid concession agreement and the outcome of the arbitration is uncertain as at March 31, 2014. In view of the aforesaid matter, GMIAL continues to reflect assets amounting to ₹ 1,431.50 crore (USD 23.66 crore) including claim recoverable of ₹ 1,062.90 crore (USD 17.57 crore) at their carrying values as at March 31, 2014, net of assets written off of ₹ 202.61 crore during the year ended March 31, 2013. GMIAL's ability to continue its future business operations and consequential impact on investments made / guarantees given by the Company and GIML is solely dependent on the outcome of arbitration and / or a negotiated settlement.

Further, GMIAL had executed work construction contracts with GADLIL and other service providers for rehabilitation, expansion, modernization of Male International Airport. Pursuant to aforesaid takeover of airport, GMIAL has terminated the contracts with GADLIL and these service providers. As per the terms of contracts, in the event of discontinuation of construction, GMIAL is required to pay termination payment to the service providers. GMIAL has received claims of around USD 8.00 crore as at March 31, 2014 from GADLIL and other service providers. However, no such claims relating to the termination of contracts have been recognised as at March 31, 2014 since the amounts payable are not certain.

Based on an internal assessment and a legal opinion obtained by GMIAL, the management of the Company is confident of proving that the concession agreement was not void ab initio and that GMIAL would be entitled for compensation under the concession agreement atleast to the extent of the carrying value of the assets taken over by the GoM / MACL and the subsequent expenditure incurred by GMIAL as at March 31, 2014 and accordingly these financial statements of the Company do not include any adjustments that might result from the outcome of this uncertainty.

Notes to the Financial Statements for the year ended March 31, 2014

NOTE 44

The Company's subsidiaries GEL and GVPGL are engaged in the business of generation and sale of electrical energy from its two gas based power plants of 220 MW and 387 MW situated at Kakinada and Vemagiri respectively. Further, GREL a subsidiary is constructing a gas based power plant. In view of lower supplies/ availability of natural gas to the power generating companies in India, these aforesaid entities' are facing shortage of natural gas supply and delays in securing gas linkages. As a result, GEL and GVPGL have not generated and sold electricity since April 2013 and May 2013 respectively and have been incurring losses on account of the aforesaid shortage of natural gas supply, thereby resulting in erosion of net worth and usage of short term funds for long term purposes. The Gas Sales and Purchase Agreements for supply of natural gas in GEL and GVPGL have expired on March 31, 2014 and GEL and GVPGL are in the process of renewal of the same. Further, GREL has not yet commenced commercial operations pending linkages of natural gas supply. These aforesaid entities are actively pursuing / making representations with various government authorities to secure the natural gas linkage / supply as the natural gas supplies from KG D6 basin have dropped significantly from September 2011 onwards. GREL, for its 768 MW gas based power plant, which is under construction at Rajahmundry, has applied for allocation of gas and the Ministry of Petroleum and Natural Gas ('MoPNG') is yet to allocate the gas linkage.

The consortium of lenders have approved the reschedulement of Commercial Operation Date ('COD') of the plant under construction to April 1, 2014 and repayment of project loans. GREL has sought further extension of COD and repayment of project loans with the consortium of lenders in the absence of gas linkage. The Company, these aforesaid entities and the Association of Power Producers are closely monitoring the macro situation and are evaluating various approaches / alternatives to deal with the situation and the management is confident that the Government of India would take necessary steps / initiatives in this regard to improve the situation regarding availability of natural gas from alternate sources in the foreseeable future. Despite the aforementioned reasons, based on business plan and valuation assessment, the management is confident that GEL and GVPGL will be able to generate sufficient profits in future years, GREL will get a further extension of COD and these gas based power generating companies would meet their financial obligations as they arise and hence the going concern assumption of the aforesaid entities and carrying value of the investments (including advances) made by the Company directly or indirectly through its subsidiaries ('investments'), in GEL, GVPGL and GREL as at March 31, 2014 is appropriate and the financial statements of the Company do not include any adjustments that might result from the outcome of this uncertainty. In the meantime, the Company has also committed to provide necessary financial support to GEL, GVPGL and GREL as may be required by these Companies for continuance of their normal business operations.

NOTE 45

During the year ended March 31, 2014, with a view to restructure its shareholdings in airport business, the Company has transferred 244,999,900 equity shares of ₹ 10 each held in DIAL to GAL, a 97.15% subsidiary of the Company, at cost.

NOTE 46
